**Session 1- Conservation of Water as a Resource**

**Resource Person- Dr. Rajendra Singh**

Dr. Savita Borse convener of the webinar gave a brief introduction of the resource person Dr. Rajendra Singh, waterman of India.

Dr. Singh in his discourse emphasized on the importance of water which can be possible by educating people through various schemes and programs. He also suggested to take rightful steps to save the rivers, lakes and ponds. He mentioned that every step in this direction of enhancing the eco-balance is the need of the hour. There is an urgent need to opt for more sustainable approaches from production to consumption. Responsible 'consumption and production' is about promoting energy efficiency, sustainable infrastructure, providing access to basic services, green employment and a better quality of life for all.

Mrs. Trupti Dhoka concluded the session with question and answer asked by the participants and expressed the vote of thanks for the session.

**Session 2- Green Cover**
